Dear Shelly Moving & Storage,

This was the first time we used a professional moving company as we had friends help up other times that we moved. We wanted a professional this time for several reasons: we are older and didn't want to take advantage of our friends, we had a large oversize couch & we were concerned about getting the couch into our new home and we did a huge downsize and needed only a fraction of our stuff moved.

We wanted to thank your company, particularly, Alex Gallardo and his crew of Nick and John. They did a wonderful job! They got the piano out and into our new home. They got the couch through the smaller door of our new place. That was a worry for weeks as we liked that couch and did not want to get new furniture. What a happy moment when we saw that sofa get through the door!

Petra was also very helpful as we set up the arrangements. She too was concerned about the couch, but told us that the guys can do some amazing things; and they did! We were pleased that the final cost was a few dollars less than the estimate and it was all done in the hours allotted for our move.

Alex, Nick and John even put up with our desire for photos as they posed for us at the end of the job. We also took photos as daughter's beloved piano was moved from one house to the other.

Your company was recommended to us by friends that used your company and we certainly will continue to pass the word along to other friends and family about your fine service on September 17, 2010.

This was a good experience. Thanks so much

Sincerely,
